💼 Experience

Joined as a Trainee from July to Jan in Pragyata Foundation, Udyog Vihar

Description:

Trainee at Pragyata Foundation | Web Developer a 6-month training program at Pragyata Foundation, where I used to develop a dynamic website using React. The project involves creating user-friendly interfaces to enhance the organization's online presence and functionality. This experience has strengthenedmy skills in modern web development practices and teamwork in a professional setting.
